Accommodation

When it comes to accommodation in Europe, you will notice that there are a number of options to choose from! Once you are in Europe, no matter which city you visit, you will notice some or other type of accommodation everywhere you go. From cosy B&Bs to massive, top class European hotels that belong to well-known international hotel chains.

Your chosen hotel in Europe may be a little different to what you are used to at home, and do not be surprised if your European accommodation is a lot more compact. Space is at a premium, especially in many of the older cities in Europe, like Rome, Venice, Paris and London where it has become necessary to reduce room sizes in order to provide the amount of accommodation necessary for the millions of tourists who need a place to sleep. If you can afford the more expensive Europe hotels, you will probably have a good size room, but expect something really cosy when you book cheap Europe accommodation.
